Player	UFA	GP	G	A	PTS	+/-	PIM	PP	SOG	Pct	TOI	PPTOI
Calder, Kyle LW LA	X					74					8	

I'll be surprised if he ever becomes fantasy worthy again.

Callahan, Ryan RW NYR		81				22					18	

Showed marked improvement and could score 30 goals with a larger role, i.e. more power play time.

Cammalleri, Michael C CGY 81 39

Value greatly linked to his whereabouts and linemates. Formed one of the top duos in the NHL combi

Campbell, Brian D CHI 82 7 45

Not bad, but coming off a 62-point season, a real disappointment particularly his power play productio

Campbell, Gregory C FLA 77 13 19

Very close to his ceiling.

Campoli, Chris D OTT 76 11 19

It wouldn't be a surprise to see him score 40 points, but he's too inconsistent and injury prone to expe

Carcillo, Daniel LW PHI 74 3 11

The Flyers' roster is too deep to allow Carcillo to contribute offensively, but he'll continue leading the l

Carle, Matt D PHI	76	5	21

Did much better than last season, but I want wouldn't expect more than 30 points in 2009-10.

Carter, Jeff C PHI	82	46	38

He has a legitimate shot at scoring 50 next season.

Chara, Zdeno D BOS	80	19	31

As reliable as it gets, pretty much the same for the sixth straight season.

Cheechoo, Jonathan RW SJS	66	12	17

And we thought last year was bad…at least I don't think he can go any lower.
Chimera, Jason LW CLB 49 8 14

No worse, no better than usual except for the injuries.
Christensen, Erik C ANA 64 7 21

Typical 4A player.
Clark, Brett D COL 76 2 10

This guy scored 39 points two years ago, looks like he never fully recovered from the shoulder injury f
Clark, Chris RW WAS 32 1 5

Injuries ruined his last two seasons, but even so he'll never score 30 goals or 50 points again and I'd
Clarkson, David C NJ 82 17 15

Improving each year, he could score 20 goals which makes him very valuable with those PIM number
Cleary, Daniel LW DET 74 14 26

See Mikael Samuelsson
Clowe, Ryane RW SJ 71 22 30

Was forgotten by many after a knee injury forced him to miss 67 games last year. Tends to go throug
Clutterbuck, Cal RW MIN 78 11 7

The NHL's premier hit man, Clutterbuck would be a fantasy start if hits were a widely used category.
Coburn, Braydon D PHI 80 7 21

Expected at least 40 points from Coburn, but he didn't produce on the power play. I think he'll bounce
Cogliano, Andrew C EDM 82 18 20

Will improve following a difficult sophomore season expect 50 to 60 points next season.
Colaiacovo, Carlo D STL 73 3 27

Averaged almost half a point per game in St-Louis. Will form an excellent PP duo with Erik Johnson.
Cole, Erik LW CAR X 80 18

A bust in Edmonton, Cole will go back to scoring between 50 and 60 points next season if he re-signs
Comeau, Blake RW NYI 53 7 18

Has some nice stretches and with a bit more consistency could score 50 points in 2009-10.
Commodore, Mike D CLB 81 5 19

25 points and 100 penalty minutes does have some value.
Comrie, Mike C OTT X 63 10

Unless he somehow re-signs and becomes Heatley pivot, I don't expect more than 45 points from Co
Conner, Chris RW DAL 38 3 10

I'll be surprised if he ever scores 12 goals in an NHL season.
Connolly, Tim C BUF 48 18 29

One of these years he'll stay healthy and put up 70 points, just don't draft him expecting more than 40
Conroy, Craig C CGY 82 12 36

Actually one of his better seasons as far as point production is concerned, but he'll fall under 40 point
Cooke, Matt LW PIT 76 13 18

Expect the same kind of numbers next year.
Corvo, Joe D CAR 81 14 24

A disappointment since we expected 50 points. I think he bounces back to at least 45.

Cote, Riley LW PHI 63 0 3

Could be headed somewhere else with Carcillo and Asham better players who can fulfill the enforcer

Crombeen, B.J. RW STL 81 12 10

Hasn't lived up to the power forward label if you consider that some offense is required to earn that la

Crosby, Sidney C PIT 77 33 70

I still think he has a 150-point season in him.

Cullen, Matt C CAR 69 22 21

Basically what you'd expect from Cullen.
