Was on pace for another excellent season, but his points-per-game averaged has declined slightly in

Kalinin, Dmitri D PHO		X				73					2	

Could do better, but he's not used in an offensive role so his production will remain limited.
Kane, Patrick RW CHI 80 25 45

Will hit 80 points next season.
Kariya, Paul LW STL 11 2 13

Too bad he got injured, he could have had a 70-point season. Bet on 60 in 2009-10.
Keith, Duncan D CHI 77 8 36

Keith has improved each of his four NHL seasons, but he's limited by the presence of Campbell and E
Kelly, Chris C OTT 82 12 11

He's not paid for his offense, but the team still expects him to score at least 30 points.
Kennedy, Tyler C PIT 67 15 20

Developing into a nice third/fourth liner who can put up 40 points.
Kesler, Ryan C VAN 82 26 33

Kesler has improved each year during his five year career, he's now reached his peak.
Kessel, Phil C BOS 70 36 24

He struggled big time when he came back from mono, but his goal scoring ability is for real and healtl
Klein, Kevin D NSH 63 4 8

Has some offensive talent, but will need to play elsewhere to be able to showcase it.
Knuble, Mike RW PHI X 82 27

His production dipped slightly as expected and it should continue to drop as he turns 37 this summer.
Kobasew, Chuck RW BOS68 21 21

He will score 25 goals one of these years and I'd bet on 2009-10.
Koci, David D/LW TB X 37 1

If he plays on a semi regular basis he'll have some value since no defenceman can rack up the PIMs
Koistinen, Ville D NSH X 38 3

There was no room for Koistinen in Nashville with Weber and Suter running things, but he could man
Koivu, Mikko C MIN 79 20 47

Doesn't receive enough support around him to take it to another level, but expect 70 points next year.
Koivu, Saku C MON X 65 16

With the injury risk and the decline in level of play, don't count on him for more than 50 points.
Kopecky, Tomas C DET X 79 6

Don't expect more than 20 points.
Kopitar, Anze C LA 82 27 39

I expected 90 points from Kopitar, not only did it not happen, but he regressed. I'm still confident he'll
Korpikoski, Lauri C NYR 68 6 8

Expect a small improvement next season and it'll be bonus if he exceeds 30 points.

Kovalchuk, Ilya LW ATL 79 43 48

Rebounded nicely after a tough first half with 25 goals in a 29 game span.
Kovalev, Alexei RW MONX 78 26

Saved an awful season with tremendous play in the last few weeks, but is too nonchalant to count on
Kozlov, Slava LW ATL 82 26 50

Finished second to Ovechkin in PP points, won't repeat that feat so his numbers are bound to drop.
Kozlov, Viktor C WAS X 67 13

Were it not for injury, Kozlov would have registered a third straight season in the 50 to 55 point range
Krajicek, Lukas D TB 71 2 17

Doesn't look like we'll ever see the offensive ability he showed in junior.
Krejci, David C BOS 82 22 51

Biggest surprises amongst the top 40 scorers, expect the same from Krejci next season.
Kreps, Kamil C FLA 66 4 15

Will be a career fourth liner.
Kronwall, Niklas D DET 80 6 45

Imagine if he was a top-2 defenseman on this team.
Kuba, Filip D OTT 71 3 37

As the team's power play quarterback he'll have another 40-point season.
Kubina, Pavel D TOR 82 14 26

You can rely on a half point per game production.
Kulemin, Nikolai LW TOR 73 15 16

Loved what I saw from the rookie. I think we're looking at a 50-point season next year.

Kunitz, Chris	LW	PIT	82	23	30

Playing with Crosby, he should have no problem surpassing his career high of 25 goals and 60 points
