Salei, Ruslan D COL		70					4				17	

Typical Salei production.

Salo, Sami D VAN	60	5	20

Salo can play, but you can count on him missing 20 games every year.

Salvador, Bryce D NJ	76	3	13

Career best production so you know you can't expect more.

Samsonov, Sergei LW CAR	81	16	32

I don't trust Samsonov, he's more likely to give you 40 points than he his to give you 60.

Samuelsson, Mikael RW DET	81	19	

Put him down for 40 points year in and year out.
Sarich, Cory D CGY 76 2 18

Career high production, but only valued in very deep leagues because of PIMs.
Satan, Miroslav RW PIT X 65 17

A huge bust who might be headed for Europe.
Savard, Marc C BOS 82 25 63

Expect him to remain a top-10 scorer next season.
Schenn, Luke D TOR 70 2 12

The points will always be a bonus with Schenn.
Schneider, Mathieu D MON X 67 9

Played extremely well in Montreal, but he will turn 40 this summer. Still could he score 40 at 40? Don'
Schremp, Rob C EDM 4 0 3

Had a difficult AHL season with only seven goals in 66 games. He's be better off heading for Europe.
Scuderi, Rob D PIT X 81 1

20-point ceiling if he gets lucky.

Sedins were the top duo this season sharing points on 58 goals.
Sedin, Henrik C VAN X 82 22

I can't imagine Vancouver not signing them to long term contracts.

Half his points came in October and November. Don't expect a repeat performance.
Sekera, Andrej D BUF 69 3 16

Has not lived up to his potential.
Selanne, Teemu RW ANA 65 27 27

Finally starting to show his age, I don't expect he'll bounce back.
Semin, Alexander LW WAS 62 34 45

Prorated over 82 games his production would give 104 points. I just don't see either, the 104 points o
Setoguchi, Devin RW SJ 81 31 34

He was a surprise, but he has the creds so he's for real. Just don't expect him to step to another level
Shanahan, Brendan LW NJ 34 6

Doesn't have much left so he will probably retire.
Shannon, Ryan C OTT 35 8 12

Could finally score 50 points.
Sharp, Patrick C CHI 61 26 18

Was on his way to another 40-goal season before slowing down in early January, then he missed ove

His days as an NHLer are almost over.
Simmonds, Wayne RW LA82 9 14

A solid debut after making the jump from junior hockey, should improve gradually over the next few ye
Sjostrom, Fredrik RW NYR79 7 6

There is absolutely no upside here.
Skoula, Martin D MIN X 81 4

Once thought to have 40-point upside, you're now lucky he if reaches 20.
Skrastins, Karlis D FLA X 80 4

Most probably will never reach 20 points in a season.
Slater, Jim C ATL 60 8 10

The 2002 former first round pick will probably never amount to anything.
Smid, Ladislav D EDM 60 0 11

Will always be known as the key player received in the Pronger deal, but will never have any fantasy
Smithson, Jerred C NSH 82 4 9

Four straight year scoring between 12 and 16 points.
Smyth, Ryan LW COL 77 26 33

Rebounded after a difficult 2007-08. Expect this kind of production for another couple of years.
Sopel, Brent D CHI 23 1 1

Injuries are rendering him useless, but even if healthy there's too much talent in front of him on the Ch
Souray, Sheldon D EDM 81 23 30

This is what the Oilers paid for and what he'll provide when healthy.
Spacek, Jaroslav D BUF X 80 8

The exact level of production expected. The Sabres really need to sign him.

Spezza, Jason C OTT	82	32	41

Very disappointing season, would not be a surprise to see him change address during the off-season

St. Louis, Martin RW TB	82	30	50

With Stamkos in town, he'll continue to produce even if the Lightning trade Lecavalier.

Staal, Eric C CAR	82	40	35

Salvaged his season after a very poor first half. His career is taking a good year/off year tendency so

Staal, Jordan C PIT	82	22	27

Nice comeback following a rough sophomore season. He'll continue to improve next season and I exp

Staal, Marc D NYR	82	3	12

Very solid defenseman...and the key word here is defense.

Stafford, Drew RW BUF	79	20	25

I expected a little more from Stafford, but he's improving and will continue to do so next season.

Staios, Steve D EDM	80	2	12

Hey the Oilers can't carry only 40-point defensemen.

Stajan, Matt C TOR	76	15	40

Take out the 20 points he scored over 15 game period from late October to late November and you s

Stamkos, Steven C TB	79	23	23

Mark my words, 35 goals and 80 points for Stamkos in 2009-10.
Stastny, Paul C COL 45 11 25

Injuries ruined his season, but he'll be back. Will go lower than he should in most drafts next season.

Stillman, Cory C FLA 63 17 32

Can still score 60 points over a full season.

Stoll, Jarret C LA	74	18	23

Stoll's 68-point season is 2005-06 was obviously an anomaly but he his capable of 50 points.

Stortini, Zack RW EDM	52	6	5

Delivers the PIMs as expected.

Stralman, Anton D TOR	38	1	12

If the Leafs trade Kaberle, Stralman will become a key member of the power play and could produce

He's achieved that level pretty much by himself no reason he can't top 60 points as the team improve
Stuart, Brad D DET 67 2 13

Just like in LA last year, there's just too much depth in Detroit to allow him to be a factor.
Stuart, Mark D BOS 82 5 12

A very good blueliner with a 25-point ceiling.
Sturm, Marco LW BOS 19 7 6

Should be back for the start of next season, but was never great so it will be tough for him to get back
Sullivan, Steve RW NSH X 41 11

Looks like his back is holding, but remains a huge gamble. Very late round gamble in fantasy drafts.

Sydor, Darryl D DAL	X	73	3

Winding down a nice career during which he had four seasons of at least 46 points.

Sykora, Petr RW PIT	X	76	25

You'd have thought he'd do much better playing with Malkin.
