Press Release: We did it again. As the leader in fantasy hockey innovation, DobberHockey's Frozen Pool has introduced another kick-ass tool – FREE to everyone. In addition, some popular tools have been moved from the members section and made available to you for free.

First, the new tool

This is a "newsfeed" covering Fantasy Hockey. It's a bullet list of player info that gives you the lowdown on a player, hyperlinked to the source. Injuries, scratches, streaks and more all at your fingertips. Each line links to the player's profile (more on this below), as well as the "Tweet" or the news item that it was found. Find the new tool here , or via the navigation menu up top, or by just going to the Frozen Pool section. Here's a screen shot:
