The majority of league start on Monday's so I'll be focusing on Monday Oct 12 – Sunday Oct 18.

Four games this week: Chicago, Nashville, Colorado and LA

Dumont is still recovering from the Robidas hit and should be back into the lineup by Monday. However, if he isn't keep a close eye on Hornqvist who has been seeing time on the top line with Sullivan and Arnott in Dumont's place. Hornqvist should be available as a FA in most leagues and makes a great pickup for the week.

Colorado has come out with a surprising 2-0 start and face Boston, Toronto, Montreal and Detroit this week. Boston and Detroit have started slow and Montreal is trying to figure out how to play defense with Markov. Colorado could pick up 3 wins in this stretch. Wolski is a 3/4 LW in most leagues but playing on the 1st line with Stastny and Hejduk makes him a must start for the week.

One game this week: Philadelphia

Most of the Flyers lineup is a must weekly start except for situation like this week. You are better off playing Troy Brouwer over Mike Richards. Don't make the mistake of playing the best player when it doesn't make sense.
