

Chris Boyle is back with his monthly roto rankings. But for the second month in a row, the smart-ass remarks will have to wait as Boyle was busy sunning himself in the Caribbean, sipping on some wobbly pops. So you'll have to wait until February for the hilarity of his fine wit to resume.

Just remember that unlike the other rankings on this site, the roto rankings gives you the value of the player in rotisserie leagues season-to-date, and does not project for the future...
