

The new and improved Eric Staal, avec "C."

A tough decision can be made easier with these charts showing you the best five and worst five schedules for upcoming seven-day periods. Some of you used them last year but for the benefit of new readers here is a refresher. The number next to the team indicates the 'multiplier' to use on a player's point-per-game pace to give you an idea how many points to expect for that week.
